The Orbx Global Vectors are the best looking Vectors that I have ever seen in all my years of flying, and Orbx really knows the art of creating great 3d scenery. I would say these are the best realistic, wonderful, P3D oriented Vectors on the market. Oct 28, 2564 BE Ok so I have a rar file from Orbx and I have it on my computer. I downloaded the windows version called "ORBX FTX Global Vector V1 00" And I opened it and I couldn't see any scenery in it. So I saved it as an iso file and tried to open it and it says I do not have the permissions to open it and I'm not logged into the computer. So I'm not able to get my.rar file back to ORBX and they told me to contact them if I wanted it back. I don't understand because I downloaded the latest version but I can't see any of it in it. I don't know what to do. I have no idea what to do or how to get my files back. I really need to know. If you can help please let me know.
