And from there, you could query for, say, all comments on any posts where a specific user is a poster, like so: SELECT DISTINCT ON (users.id) users.id, comments.id, comments.message, comments.date_created FROM users INNER JOIN comments ON comments.user_id = users.id WHERE users.id = \$user_id ORDER BY comments.id DESC LIMIT 0, 10 Note that this returns the top 10 comments on the user's posts, where they are a poster, along with the comments' counts, so filtering the result set down to a single row is left as an exercise to the reader. Audrey (Serbian band) Audrey (Serbian Cyrillic: Аудер Аудори) is a Serbian band. The band released its first single in February 2010, titled "Istina" ("The Truth"), but their debut album did not follow for almost a year. In September 2011, they released their second single, called "Hej, hej!" ("Hi, hi!"). Their debut album was released under the name Zemljana Zemljanska, with the exception of the single "Hej, hej!" (which also counted as an album track).
