What's new in this version: Version 2.20

Now support various popular file formats, such as WMA, MP3, AAC, M4A, AIFF, WAV, FLAC, OGG, MOD, etc.Q: Adding links to multiple excel

---

cells in vba I'm trying to add links to all the cells in an excel sheet, but I can't get the right

syntax. What I need is:

A 1. B 1. C 1. D 1. E 1.

F 1. G 1. ... C 18.

(Notice the gap between cells E and F) Thanks

for your help (I'm using Excel 2010 on Windows

7) A: This should work

for you. Sub

CreateLinks() Dim ws

As Worksheet Dim i As

---

```
Long Set ws = ThisWorkbook.Worksheets(1)
For i = 1 To ws.Cells(ws.Rows.Count,
"A").End(xlUp).Row
Dim sLink As
1d6a3396d6
```

Wondershare DVD Slideshow Builder Deluxe is a comprehensive multimedia authoring tool which provides a wide range of functions for video and image creation, editing and slideshow building. Main features: With a user-friendly interface and a broad range of

---

tools, Wondershare  
DVD Slideshow Builder  
Deluxe is an efficient  
and convenient solution  
for people looking to  
combine video or  
images in a high-quality  
DVD slideshow or other  
disc-based products.

Applying the latest and  
advanced rendering  
techniques and a wide  
range of editing  
functions, the  
Wondershare DVD

---

## Slideshow Builder

Deluxe is able to extract the most details and features from your media files so that they are easily recognizable.

It also provides plenty of photo editing tools such as masks, frames, borders and overlays.

Among the available audio and video formats, you can import all popular video, audio and picture formats

---

from camcorders, camcorders, scanners, cell phones, and other devices. Wondershare DVD Slideshow Builder Deluxe is able to combine multiple video and/or image files in a range of supported formats into a single project. You can also add custom subtitles, music tracks, and other effects to improve the appearance of your

---

slideshow. A built-in video and photo editor makes it possible to customize the pictures and videos to the utmost extent before saving them into different file formats. Wondershare DVD Slideshow Builder Deluxe also includes a wide selection of transitions and motion effects, the ability to add clipart images and fonts, and many other

---

options. Moreover, its DVD authoring function allows you to add your text and voice captions directly into your slideshow projects, no need to re-record them. With the tool you can also create disc-based products like full-screen previews, screen recording, conversion and burning as well as edit your files using a simple drag-and-drop

---

interface. Pricing: Basic:

Wondershare DVD  
Slideshow Builder  
Deluxe is a tool  
designed to create and  
manage DVD  
slideshows. It lets you  
import photos and  
videos in various  
formats and you can  
personalize them as  
much as you like, create  
special effects and add  
text captions,

---

animations and music tracks to the media. There are many transitions and motion effects at your disposal. In addition, you can edit every aspect of the images, so you can make changes such as enhance the contrast, add red-eye reduction or crop them to the size you want. All your pictures and videos are saved into a multimedia

---

database, in which you can search for the ones you want to use. You can even search for pictures by keywords and create a slideshow with the images that match the search criteria. The software also offers you the possibility to convert every item in your database into an animated slideshow and create a movie from

---

your slideshows. After you finished making your slideshows, you can export them directly to DVD, a video file, a folder or a website.

Features: Import and edit images, movies and videos in various formats, including camcorders and video cameras. Create slideshows from your images and videos, with video effects. Edit

---

images, movies and videos, including hue, contrast, brightness, saturation and so on. Red-eye correction tool. Crop images to any size. Set thumbnails on images. Create a slideshow with your images. Add effects to your pictures and videos. Edit the audio track. Create a video from your slideshows. Convert slideshows into

---

DVD discs. Publish  
slideshowes to Youtube.  
Create DVD slideshowes.  
Create movies from  
slideshowes. Create a  
folder of slideshowes.  
Personalize your  
slideshowes by using text  
captions and music.  
Import photos from  
your photo gallery or  
from your camera.  
Personalize your photos  
by adding text captions.  
Remove the red-eye

---

from your photos.  
Enhance contrast,  
brightness, saturation  
and hue in photos.  
Create slideshows with  
transition effects. Add  
motion effects to your  
slideshows. Use one or  
more transitions. Add  
slideshows to a playlist.  
Convert your slideshows  
to the following  
formats: iMovie (for  
Mac) DVD compatible  
and compatible with all

---

Apple devices. iDVD 2  
for Mac DVD  
compatible and  
compatible with all  
Apple devices. ShowHD  
for Mac DVD  
compatible and  
compatible with all  
Apple devices. iShowU  
HD for Mac DVD  
compatible and  
compatible with all  
Apple devices. MOV  
VBS for Mac DVD  
compatible and

---

compatible with all  
Apple devices.

ImageShack for Mac  
DVD compatible and  
compatible with all

Apple devices. Flash for  
Mac DVD compatible  
and compatible with all  
Apple devices.

PowerDVD for Mac  
DVD compatible and  
compatible with all  
Apple devices.
