## What's New in the INotepad?

iNotepad is a fancy-looking application that combines the sophistication of Aero background with the basic functions of Notepad. It supports colorful fonts, thus permitting you to emphasize entire fragments, while developers can also enjoy the code pad. iNotepad is a fancy-looking application that combines the sophistication of Aero background with the basic functions of Notepad. It supports colorful fonts, thus permitting you to emphasize entire fragments, while developers can also enjoy the code pad.
