And because of its simple design, you can manage it with ease. Victorian Flower Motif Description: This is a simple theme for Windows 7 that is as elegant as the Victorian era design. Its calm and soft color palette is interwoven with little details of flowers, fruit, ornaments and leaves. This is a great choice for those of you who want to use a more simple design than those made of chrome, tiles, lines and other stuff. The themeQ: How to convert a JSON object into a dictionary in a Rails application I am parsing a JSON object that I receive as a response from a GET request and I need to use it for some JavaScript code. Here is the JSON object: { "status": { "code": 200, "reasonPhrase": "OK", "url": "" }, "application": { "id": 1, "name": "test", "description": null, "external_id": null, "color": "0", "title": "TITLE_1" } } I know I can parse it into a Ruby object using the JSON library but I am struggling to figure out how I can use the JSON object as a dictionary so I can generate a JavaScript object. I have tried using the JSON.parse method but I can't seem to get

**System Requirements For Flower Fall:**

For optimal performance, you will need a PC equipped with an Intel Core i3-2100 CPU, 4GB of RAM, and an ATI Radeon HD 2600 (or equivalent) series video card. With the Radeon HD 2600 series, we recommend at least a Radeon HD 3470 (Single-GPU) or Radeon HD 4200 (dual-GPU) video card. A dedicated video card is required to support the graphics technology used in the game. If your computer is equipped with an integrated video card (Intel GMA x3100, NVIDIA 9800M, ATI Mobility
